Number Plate theft

Number plate theft across Auckland is becoming more common with criminals stealing number plates to make it harder to identify those involved in criminal activity.

Petrol drive-offs, burglaries, thefts etc are just a few incidents that criminals are using stolen number plates to avoid detection.

Each week we have around 15-20 number plates stolen across the Auckland area; each used by criminals for evading detection when committing other crimes.

Please keep an eye out for our next “Safer Plates” number plate theft prevention event coming to Onehunga.

The Onehunga community patrol will be at the Countdown supermarket in Onehunga on May 6th running our next ‘Safer Plates’ event. We will be onsite from 10am – 9pm
